

Utah Data Center Facilities Services Contract Industry Day Announcement

The National Security Agency (NSA) Installations and Logistics (I&L) organization in conjunction with the BA9, Program Executive Office is pleased to announce the upcoming Industry Day for the Utah Data Center Facilities Services Contract (UDC FSC). The UDC FSC contractor will provide all necessary management, manpower, tools, equipment, transportation, etc. to safely and effectively support emerging facilities requirements in support of the UDC mission (please see page 2 for full listing of functional areas). *This contract does **not** include grounds maintenance, snow removal, IT support, or logistics.* Promoting new business participation and bringing awareness to industry is critically important to the success of our mission.

Join the NSA on October 18, 2011 in Salt Lake City, UT to learn more about maintenance of the 1.5 million square-foot state-of-the-art facility that has been designed to support the Intelligence Community's efforts to further strengthen and protect the nation's cyber security. The Industry Day will include discussions and presentations from Agency executives, contracting, and facility experts, and it will also provide time for question and answer and networking sessions. Presentations will cover topics such as: doing business with NSA, contracting processes, and facility requirements.

Plan to join us on October 18, 2011. Registration is currently available, and will be open through October 7, 2011, at 1700 EST. Please e-mail your RSVP to **udc.fsc.industryday@parsons.com** to include the following information:

- Company name
- DUNS number
- Names of attendees (maximum of 3 per ARC registered company)
- Email and Phone contact information for each attendee

Location of Industry Day:

Salt Lake City Marriott City Center (Capital Ballroom)

220 South State Street

Salt Lake City, Utah 84111

Date: October 18, 2011

Time: 1300-1700 PM MST

Check-In Begins at 1130 MST

PLEASE NOTE: Due to the unique nature of the Utah facility, this Industry Day will be a closed session and only those companies registered in the Acquisition Resource Center (ARC) www.nsaarc.net will be cleared to register. Each ARC registered company is allowed to bring up to three (3) representatives to include sponsoring subcontractors. One of the three (3) representatives attending from each company must be a registered point of contact (POC) in the ARC.
